

SpatialLR-Trust cautionary audit: MIF-CD74 in coarse NSCLC spot data

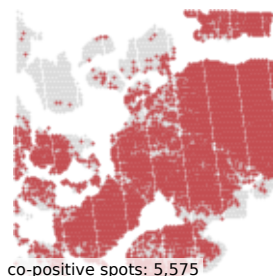

a Coarse compartment map

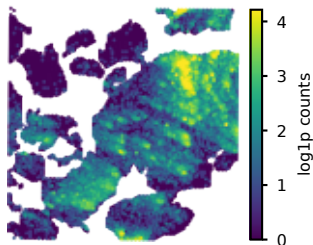

b MIF expression

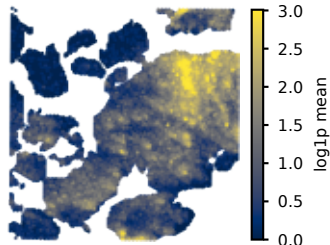

e MIF/CD74 co-positive spots

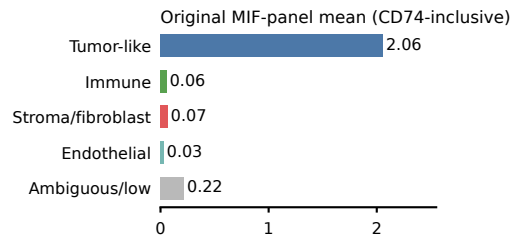

c CD74 expression

d Original MIF-panel mean

f

Cautionary audit (not validation)
GSM8855712_NSCLC_P10
tumor-like -> tumor-like MIF-CD74

SpatialLR-Trust v3 score: 0.939
MIF/CD74 both-positive tumor-like spots: 64.0%
Original target panel includes CD74;
the original enrichment is not independent.
MIF support after exclusion: 107 -> 100 / 322 rows

Dominant spot compartment; directionality and same-sample experimental validation remain unresolved.
